COMPRESSION

DREAM SHAPE

No bonding and no lining needed

Flattens the tummy

„Secret“ **invisible power zone** in tummy area

Quick drying thanks to single layer

ABOUT PENN TEXTILE SOLUTIONS

Penn Textile Solutions is an internationally-minded company with the expertise to develop and produce innovative textiles for a wide variety of customers. With the benefit of more than 50 years' experience in elastomeric knitted textiles, Penn Textile Solutions GmbH (PTS) manufactures on a 15000 m² factory site based in Paderborn/Germany.

The production consists of warp and weft knitting machines, with fully vertical dyeing and finishing, giving the fabric their final performance and aesthetics.
